President's Message

Susan Shepard

Recently many of us received a wake up call — literally we were shaken awake in our beds! As IT people tasked with up time, how many of us were prepared for this unexpected event and prolonged power outage?

Judging from the number of trouble calls placed on the Monday following the earthquake, more than a few business experienced hard crashes when the power failed and fried systems when the power surged back on.

Unlike hurricanes that we can track for days, make our plans and shut down systems, earthquakes are immediate and can be widespread. How will this affect our disaster recovery planning? To be truly prepared will take more than just adding more batteries.

Mahalo to those who volunteered to serve on our chapter's Board of Directors and Congratulations to those elected: Lori Morden, Rob Slike, Eric Thompson, Eran Agmon and Cindy Horikawa. When you see them, be sure to thank them for their service.

Be sure to join us November 9th for our half day workshop on Oracle 10g Database. Space is expected to fill up quickly so make your RSVPs now to aitphawaii@aitp.org!
